Disc Golf Terms & Rules

Visit www.PDGA.com for more details & rules, and links to Deerfield's own web page!

The object is to hit target poles or land in the target baskets with the fewest throws, just like miniature golf. The "WINNER" throws the fewest strokes.

"HOLES" are 9 striped light poles & 3 PoleHole® baskets at #3,#Alt10,#13,#14,#15 & #16. The disc must hit poles between the white stripes to score.

"PAR" is a challenging number of strokes for each hole. Each throw counts one stroke unless a penalty stroke is assessed. Under 85 is good; under 54 is great!

"TEE THROWS" are the initial throws made from the painted TEE near each last HOLE. The 1st TEE is at the building. See map to find 4, 10, 13, 14, 15 & 17.

"TEE OFF ORDER" can be random, established by flipping discs, throwing once for the nearest to an agreed upon target, or based on past games.

After the play begins, order is established for each hole based on lowest score throwing first. If two players are tied, the previous hole's order is used.

"LIE" is where the disk stops after a throw; is the point from which the next throw is made. The player who's LIE is farthest from the HOLE throws first.

"UNPLAYABLE LIE" is when a disc is stuck in a tree over 6 feet above the ground. One stroke penalty. The LIE is directly below the UNPLAYABLE LIE.

"OUT-OF BOUNDS" (OB) are areas shaded on the map. Avoid all streets, sand lots & courts. If the disc is on the street level, or in the sand it is OB...

BUT If leaning up against the curb it is FAIR. One penalty stroke for going OB; LIE moves back to the edge of the FAIRWAY where disc flew/rolled OB.

"WELL MEANING BYSTANDER RULE" applies when a non-player 'helps' you by throwing back your throw. Usually this puts a player's LIE back, but can save an OB penalty stroke. Any gestures or shouting by player will move the player's LIE to where the player shouted, unless already lying OB.

"FAIRWAY THROWS" must be made with the lead foot on the LIE at the time of release. Beyond is a "FOOT FAULT" = +1 penalty. Run ups are allowed.

"PUTT THROWS" within 10 yards of a HOLE, the player may not touch in front of the LIE before, during or after the throw. No falling PUTTS. = +1 penalty.

CAUTION: Golf Discs are not intended for catch, and can cause damage or injury when they hit. Please be cautious when ever others are in the park; Call out warnings, modify the course, skip a hole or "Dog-Leg" around other park guests.

BE SAFE! The City of Irvine can assume r responsibility for the flight of your disc.
