THANK YOU FOR JOINING THIS UNIQUE RIDE. YOUR BEING HERE MEANS MORE THAN YOU MAY KNOW.
Please remember those no longer with us. Look around; Any of us may be gone from our lives in the next year.
Please ride in silence, in single file, at fixed pace. Use hand signals to communicate turns, braking & hazards.
Please ride with care and allow room to slow or stop. We will pause every few miles to re-group.
Please ride with any & all lights on. Demonstrate the rules of the road; Obey all vehicle laws & Traffic Rules.
Please be an example of courtesy & a representative of responsible bicycling to all of those watching...

We Ride tonight to:
HONOR those cyclists who have been injured or killed
RAISE AWARENESS that we cyclists are here
ASK that we all SHARE THE ROAD...
